Subud
in
Britain
1957-2017

We could be celebrating...

in 2017?

We could be celebrating...

'Starting to achieve the things

Bapak said we could achieve

*- flagship enterprises supporting
charitable work ...*

and

We could be celebrating...

*...having difficulty coping with
the number of people wanting
to join Subud!'*

and

We could be celebrating...

'Becoming braver in our everyday life pursuing indications that might or might not have come from the latihan.'

and

We could be celebrating...

*'How we are
going along together'.*

and

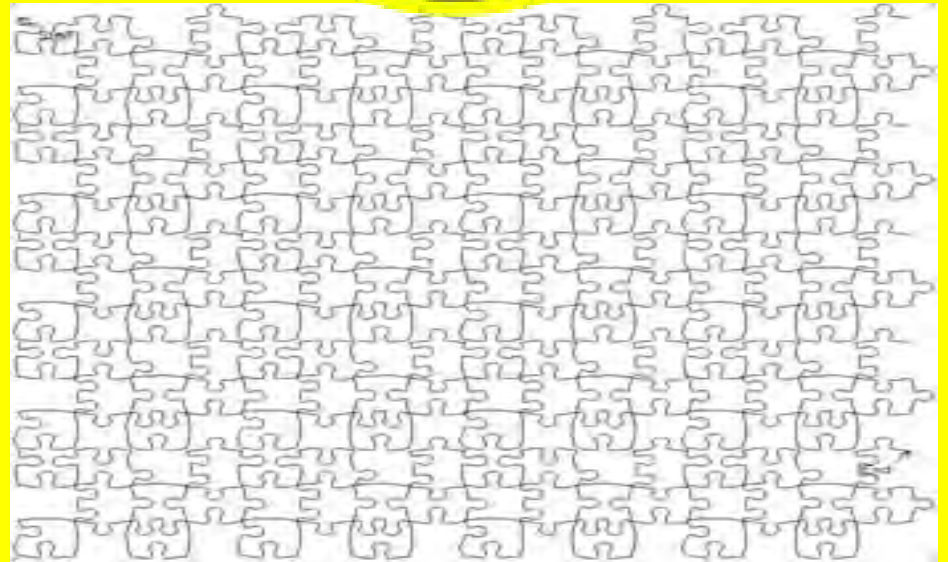

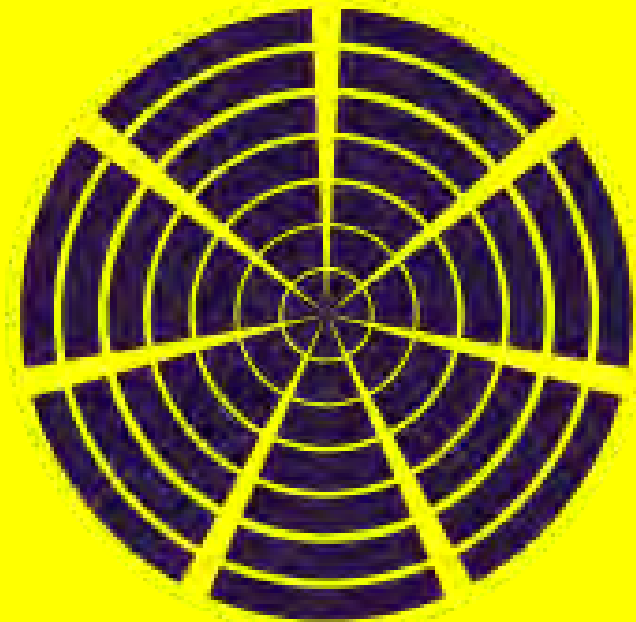

and ...

and ...?

Happy 60th Birthday
